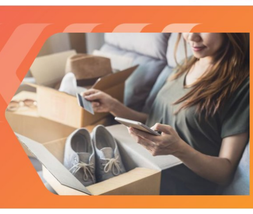
About NPFulfilment

The story about NPFulfilment is actually a tale of our customers – and a celebration of 20+ years supporting our customers' rapid ecommerce growth.



Ecommerce Fulfilment Services to Enhance Customer Experience

Since 2002, NPFulfilment has been dedicated to providing first-class, end-to-end express fulfilment services.

The vision of founder Rodney Bartley was to accelerate the ecommerce growth of every ecommerce merchant across Australia and Asia-Pacific by equipping them with innovation and expertise. Throughout 20+ years in operation, the NPFulfilment team has brought this vision to life.

Continuous development of NPFulfilment's technology and systems has kept us at the forefront of ecommerce fulfilment innovation.

Our customers leverage a range of solutions, including proprietary in-house technology, allowing them to fulfil faster, more accurately, and deliver outstanding post-purchase shopping experiences.

Order Fulfilment in Action

Witness firsthand how our warehouses, technology, operations, and team members work in perfect harmony to cater to our customers' needs. Are you interested in seeing our operations in real life?

CONTACT US

Turn data into decisions. Our Kiosk client portal brings real-time visibility and complete control of customers' inventory and orders.

See fast fulfilment turnaround. Suzy, our robotic order sorting machine, dramatically accelerates order packing processes.

Leverage intelligent warehouse routing. Mobile industrial robots (MIRs) determine the most efficient routes to speed up warehouse processes.

Enjoy the highest accuracy. In-house developed pick-to-light technology ensures the accurate processing of thousands of orders every hour.

Our experts have a single purpose: to empower our customers' rapid ecommerce growth through post-purchase experiences that turn shoppers into lifelong advocates.

Our multi-national team's strategic focus and practical know-how have helped hundreds of customers across Australia and Asia-Pacific accelerate their ecommerce growth with first-class, end-to-end fulfilment services.

Where will your ecommerce fulfilment story lead you today?

Accreditations and Partnerships

At NPFulfilment, we offer ISO 9001 quality accredited systems that make us one of the leading providers of fulfilment services, 3PL and warehousing in the country. Our robust Inventory Management, Order Processing & Reporting capabilities ensure that all aspects of your supply chain run smoothly and efficiently. Our team is also committed to continuously investing in cybersecurity practices to guarantee the utmost privacy and security of sensitive customer data.

Being members and partners of the following organisations allows us to keep up to date with ever changing regulations, current trends and best practice:

- Direct Selling Association of Australia (DSA)
- National Online Retail Association (NORA)
- Good360 Australia

Customer Promise

Your growth is our success. NPFulfilment is committed to providing cutting-edge technology and ecommerce fulfilment services that deliver memorable post-purchase experiences to your shoppers.

CONTACT US

LEAD BY EXAMPLE

Each member of the NPFulfilment team inspires excellence throughout the business and to our customers. We own the quality of our individual work and take pride in what is delivered collectively.

RAISE THE BAR

We never settle, always striving to assert our recognition as industry leaders. We're curious, courageous, creative, and focused on improvements that continually exceed customer expectations.

DO WHAT'S RIGHT

The respect and loyalty of our colleagues and customers come from trust. We act with honesty, transparency, and accountability to build an unbreakable foundation of trust in everything we do.

ACT LIKE AN OWNER

We're a bunch of commercially-savvy individuals with a collective purpose: to build our business success by ensuring our customers' success. We're dedicated and determined to make it happen.

3PL Warehousing Services

Partner with 3PL Warehousing Experts and Delight Your Shoppers

It's time to delight your shoppers with reduced transit times and faster order fulfilment. NPFulfilment does the heavy lifting to enhance your warehousing & logistics processes. Our 3PL logistics centres located across the ANZ region drive outstanding post-purchase experiences that help accelerate your ecommerce growth.

Streamline Your Operations with Our 3PL Services

Easily scale and respond to market conditions with efficient, flexible 3PL services. NPFulfilment brings 20+ years of ecommerce fulfilment and 3PL warehousing know-how. Our innovative technologies and expert team ensure accurate pick & pack and express fulfilment to every order. Leverage our extensive experience and industry relationships to save time, reduce costs, and streamline your warehousing & logistics processes.

Why Ecommerce Brands Need 3PL Warehousing & Logistics

Ecommerce brands managing their own inventory and warehousing have a constant balancing act. When demand increases, so do overheads. More staff, equipment, technology, and warehousing space are needed to keep up. When demand decreases, they're left with those overheads. NPFulfilment is an experienced 3PL service provider that helps ecommerce companies reduce financial risk, scale seamlessly, and create memorable post-purchase shopping experiences.

Drive Your Competitive Advantage with End-to-End 3PL Warehousing & Logistics

Reinforce your competitive advantage with each shipment. When using 3PL logistics, working with a trusted technology partner who puts your business first is critical.

NPFulfilment's team of experts handle your end-to-end 3PL warehousing & logistics needs, ensuring exceptional post-purchase experiences to boost your brand's reputation.

Accelerate every delivery with access to our fulfilment centre locations across the ANZ region.

Get the lowest rates and best carries, automatically applied to positively impact your bottom line.

Gain real-time visibility and control of inventory with carton, serial, date-lot tracking, and more.

Pick & pack accuracy is of the highest standard thanks to our innovative technology and experienced team.

Build shopper confidence with real-time stock and order information, delivered by our 40+ pre-built ecommerce system integrations and custom API capabilities.

Turn data into decisions with our Kiosk app and web-based client portal that bring you live information and intelligent reporting of stock and orders.

Process returns faster, build trust with shoppers, and encourage repeat purchases with our full reverse logistics services.

Drive memorable post-purchase shopper experiences, save time, and increase profit with express fulfilment of every order.

Does Your Business Fit the 3PL Warehousing Model?

A wide variety of ecommerce brands use 3PL warehousing in Australia for accurate, express fulfilment. While NPFulfilment caters to many business models, those getting the most from 3PL services have key similarities. They have a high stock turnover, a healthy variety of products, and are challenged for warehouse space. Does this sound familiar to your business?

The Big Benefits of Streamlining Your Operations with 3PL Warehousing

Expand your capability and unlock express fulfilment for every order. Our 3PL warehousing spans Australia and New Zealand, putting your products closer to your customers for unmatched delivery speed.

Join leading ecommerce brands using NPFulfilment's world-class 3PL logistics services to streamline operations and deliver outstanding post-purchase experiences.

Reduce costs – shrink your overheads from warehousing rental and insurance, labour hire, equipment, technology investment, and more

Decrease financial risk – seamlessly adjust to market and seasonal fluctuations without worrying about under-utilisation of resources

Save significant time – let your 3PL service provider handle the heavy lifting of fulfilment so you can spend time focused on ecommerce growth

Gain agility and efficiency – scale the moment you need to while boosting stock turn capacity with highly-optimised operations

Backed by expertise and support – leverage NPFulfilment's 20+ years of ecommerce fulfilment experience and our dedicated team of 3PL warehousing professionals

Deliver a better post-purchase experience – delight your shoppers with fast, accurate fulfilment of every order

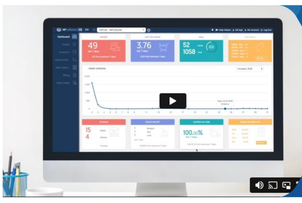
The NPFulfilment Kiosk Brings Real-Time Visibility & Control



Kiosk is NPFulfilment's app and web-based client portal that turns data into decisions. Access our suite of intelligent reporting for deeper insights and granular information.

Seamlessly manage your orders and inventory at any time, from anywhere. Kiosk gives you real-time visibility and complete confidence in your inventory management.

Additional Features

Review, edit, cancel or even re-send orders directly from the Kiosk client portal. See all your inventory on one screen, notify NPFulfilment of your incoming stock, and monitor your delivery statuses.

Our intuitive system even lets you manage backorders and stock transfers between NPFulfilment's various warehouses. Save serious time while maintaining complete control.

Reporting

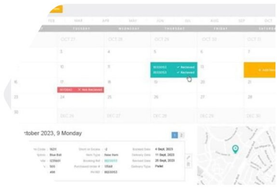
Access live dashboards with easy-to-read order fulfilment trend data. Your single dashboard view provides detailed snapshots of your order distribution, shipped on time, top SKUs, and much more.

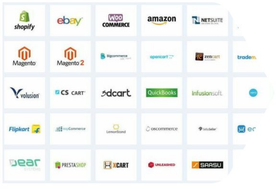
Real-time reporting is at your fingertips with the Kiosk app and web-based client portal. View online or download your reports at any time.

Automation

Reclaim your time with NPFulfilment's advanced automations. Trigger order shipping notifications to your shoppers and update your ecommerce site with carrier and tracking information – without lifting a finger.

You can even apply auto-selection of carriers based on services requested, urgency, destination, and price.





Integrations

Exceed your shoppers' expectations by serving live stock-on-hand, order status, shipping notifications, and more through NPFulfilment's pre-built ecommerce integrations.

Use our 40+ integrations or custom API connectivity to communicate in real-time with ecommerce platforms, payment gateways, accounting systems, and more.

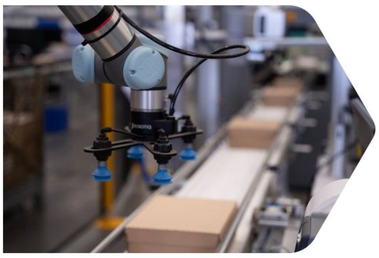
Drop Shipping

Grow Your Business Faster with Reliable Drop Shipping

Take the headache out of managing warehousing & logistics while delivering the express fulfilment that your shoppers will love. NPFulfilment's drop shipping services bring cutting-edge 3PL warehousing technology and an experienced team to accurately and efficiently fulfil every order.



Turn Drop Shipping Into Your Competitive Advantage

Working with inexperienced drop ship providers can create challenges like long delays, order errors, and poor service levels. When you're leaving fulfilment in the hands of a third party, you need complete confidence in their ability to deliver.

Leverage NPFulfulment's first-class drop shipping services in Australia and New Zealand, and know that your orders are in good hands.

We bring express fulfilment for every order. We'll carry your stock in our state-of-the-art 3PL warehousing facilities with strategic locations across ANZ.

The highest accuracy gives your shoppers exactly what they want. NPFulfilment's innovative technology and team of experts ensure every order is filled correctly.

Have peace of mind with live visibility and intelligent reporting of inventory and orders with our Kiosk app and web-based client portal.

Gain reverse logistics that enhance the post-purchase experience. Build trust with shoppers, encourage future purchases, and boost profit with rapid end-to-end returns processing.

Realise unmatched flexibility. Scale the moment you need to and adjust to market changes while giving shoppers express fulfilment of their orders.

Express Fulfilment to Turn Orders Around in Hours

Don't keep your shoppers waiting for weeks after placing orders. NPFulfilment's drop ship model holds your stock in our strategic 3PL warehousing locations across the ANZ region. Our cutting-edge technology and team of dropshipping fulfilment experts turn orders around in hours. Make every post-purchase experience a positive one and grow your business. Use NPFulfilment's express fulfilment services to make your dropshipping store stand out.

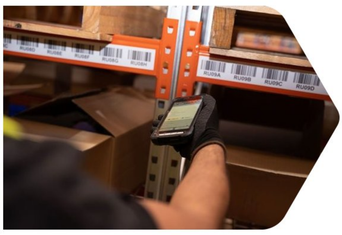
Freight and Postage Systems

Decrease Freight and Postage Costs, Increase Ecommerce Fulfilment Speed

NPFulfilment helps you secure the lowest freight and postage rates and to get your orders to shoppers quickly and cost-effectively. Our freight logistics platform finds the best freight carriers at the lowest cost – while we handle your ecommerce fulfilment at unmatched speed.



Shrink Your Parcel Freight Logistics Costs and Grow Your Bottom Line

Tell us your destination, timing, and end customer details, and we'll do the rest. We're carrier-agnostic, but we've also built strong relationships. Our advanced freight management module intelligently compares the rates and suitability of national and international freight companies. We then present you with a range of live quotes, giving you the clarity to make informed parcel freight logistics decisions that affect your bottom line.

Spend Your Time on Ecommerce Growth, Not Comparing Rates

Your time is better spent growing your business than comparing freight and postage rates. Our state-of-the-art freight logistics technology makes sure you're always getting the best rates. Full automation is also available to help you save on freight and postage costs even faster. Make more informed decisions about your freight management and reclaim time to focus on ecommerce growth.

Experience and Technology Driving Superior Parcel Freight Logistics

Throughout 20+ years in operation, NPFulfilment has developed and refined advanced parcel freight logistics technologies.

From in-house order processing systems to our Kiosk platform, our freight postage technologies bring real-time visibility and control – and give you confidence – for every order.

Save time with our freight and postage calculator and carrier cost comparison tools.

Automatically consolidate multiple orders to single consignments.

Meet carrier specifications with bar-coded freight labels and consignment notes.

Gain easy online access to consolidated carrier reporting and proof of deliveries (PODs).

See in-depth reporting, including freight insurance and dangerous goods, all available online.

Have confidence in every parcel with complete visibility and live tracking.

Product Fulfilment Services

Product Fulfilment Services that Support Your Business Growth

We bring the technology and team of experts together to support your business growth with fast, accurate product fulfilment services. Our powerful order fulfilment technology takes care of the 3PL warehousing, drop shipping, pick and pack, returns management, and more.

See Your Order Shipped in Hours with Fast Ecommerce Fulfilment

Gain the ecommerce fulfilment centre you need to deliver outstanding post-purchase shopper experiences with every order. NPFulfilment integrates natively with 40+ ecommerce systems to provide live product information to your shoppers and real-time tracking of every order. With checkout to fulfilment happening in hours, you'll meet even the most demanding shopper expectations, increase satisfaction, and boost customer loyalty.

Make Direct Selling or Multilevel Marketing Your Competitive Advantage

Whether you're managing your sales operations through a direct selling or multilevel marketing model, the post-purchase experience can be a defining value proposition. Minimise the time between customers placing and receiving their orders to enhance the experience and encourage repeat purchases. Stay ahead of the competition by offering your customers fast, accurate fulfilment of every order.

Ship Your Direct Marketing Materials Accurately and Efficiently

Keep your marketing materials close to where they're needed, ready for express fulfilment on demand. Store your promotional letters, catalogues, flyers, banners, and other marketing collateral in a secure, central location, ready for fast dispatch. Additionally, NPFulfilment can manage the collating, addressing, and determination of postage rates for each mail-out. Get your direct marketing materials to where they're needed faster.

Boost Repeat Purchases with Faster DRTV to Door Delivery

When selling directly through DRTV channels, every moment matters. After a customer completes their checkout, you want to retain that excitement for the perfect products they've just purchased – with express fulfilment. Make the end-to-end shopping experience one that every direct marketing shopper will fall in love with. Enhance your DRTV-to-door delivery process and boost repeat purchases.

Returns Management

Take the Hard Work Out of Ecommerce Returns Management

Save time and focus on what matters – accelerating your ecommerce growth. Simplify your ecommerce returns management with our 3PL reverse logistics centres located across the ANZ region. We do the heavy lifting and help you build trust with shoppers through fast, accurate returns management.

Optimise Your Reverse Logistics to Save Time and Increase Profit

NPFulfilment is your experienced reverse logistics provider. We optimise the entire returns process to help you save time and increase profit. Our advanced technology sees your items put back into inventory promptly, ready for resale. Strategic 3PL logistics locations across Australia and New Zealand also enable faster and more cost-effective returns routing. Build trust with your shoppers, encourage future purchases, and boost profit with rapid, accurate returns processing.

Make Every Touchpoint Your Competitive Advantage

Many ecommerce merchants only issue refunds once the returns process is complete. So when shoppers are waiting for those refunds, every minute counts. NPFulfilment's reverse logistics centre scans and processes your returns at unmatched speed while giving you complete visibility through our app and web-based client portal. Delight your shoppers and make the returns process your competitive advantage.

Warehouse Inventory Management

Streamline and Accelerate Your Warehouse Inventory Management

Warehouse inventory management doesn't need to be complex or time-consuming. Trust an experienced end-to-end ecommerce fulfilment partner to make short work of it for you. Our 3PL warehouse solution gives your precise, real-time inventory management and tracking information.

Reliable and Efficient Inventory Management Processes

NPFulfilment's innovative technology and team of experts equip you with warehousing & inventory management that's reliable and much more efficient. Our rapid pick & pack processes enable express fulfilment while maintaining the highest accuracy. Complete audit trails keep you informed about every item, with serial number, carton, and date-lot tracking. Advanced cycle counting also creates the checks and balances needed for complete confidence in inventory management.

Transparent, Accurate Warehouse Inventory Management

Always have peace of mind with precise, transparent warehouse inventory management processes. We verify and track every inbound delivery and provide real-time visibility with our live app and web-based customer portal. Additionally, our intelligent notifications and pre-built integrations with 40+ ecommerce systems keep you informed and in complete control of your stock. Ecommerce Integration

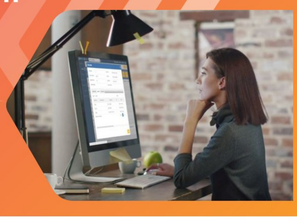
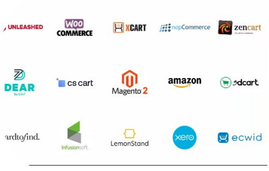
Seamlessly update and automate data flows from your 3PL solution with ecommerce integration. Use one of NPFulfilment's 40+ pre-built integrations or our custom API connectivity to grow your business faster.



Pre-Built Ecommerce Integration

Give your shoppers the real-time information they need while simplifying your ecommerce fulfilment workflow. Access 40+ pre-built integrations with ecommerce platforms, payment gateways, accounting systems, and other applications. Enhance the online shopping experience with live stock-on-hand, order status, shipping notifications, and more.

LEARN MORE



Custom Ecommerce Integration

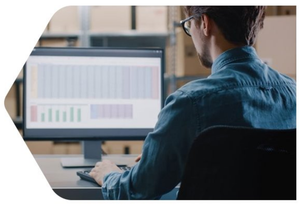
Save time, eliminate manual data entry, and optimise your operations. Use our API (Application Programming Interface) to quickly connect and automate data exchange from virtually any existing system. The process can take as little as 15-30 minutes to configure full automations with your ecommerce platforms and other applications.

LEARN MORE

Easy Updates with Spreadsheets and CSV Files

NPFulfilment supports Excel and CSV data formats for fast, efficient order uploads and zero technical setup. Most ecommerce platforms and accounting systems have native spreadsheet export functions. Send us your export files, and our team of experts will help fulfil your orders in a flash.

CONTACT US



Ad-Hoc Order Input, Direct to NPFulfilment

You may occasionally need the flexibility of creating once-off orders outside normal processes. NPFulfilment provides an intuitive client portal to enter these orders as needed. Select your inventory, carriers, and any special requirements for instant execution.

CONTACT US

Platform Features

Main Features

- Access all information from our centralised client portal, KIOSK
- Leverage 3PL warehousing and ecommerce integration to eliminate manual and double-entry of data
- Quickly manage order re-sends with our one-click solution
- Easily manage BOMs (Bill of Materials) from our client portal
- Monitor and control reverse logistics with our returns management module

Reporting

- View live dashboards with order history, inventory, shipping, and other key data
- Always know your stock situation with detailed inventory reports
- Access end-of-day shipped order reports with pricing detail
- Gain a concise overview with end-of-month summary reports

Automation

- Keep your shoppers informed with auto-triggered order update emails
- Equip your ecommerce site with live updates of inventory and order information
- Ensure stock is always where it's needed with end-of-day auto inventory balancing
- Boost the online experience by giving shoppers live carrier and tracking data
- Automate data exchange to virtually all ecommerce systems with API connectivity

Your Estimate for 3PL with Ecommerce Integration, Accelerated

Discover your pricing estimate *fast* with our configurable calculator. Choose your average monthly orders, items, and weights and see your instant estimate.

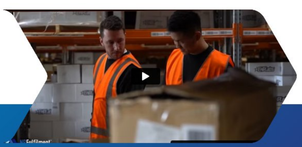
Why Our Clients Love Us

Here's what customers say about the express fulfilment services and dedicated experts at NPFulfilment.



NPFulfilment has always been a model of consistency - even from their onboarding experience, the Kiosk experience, the technology they have in place and also the customer experience. To be honest, we truly wouldn't be in the position we are today if it wasn't for the help from NPFulfilment. They have just been a great partner for us, and they help us grow.

Mark Johnston | *Founder of Snap Wireless*

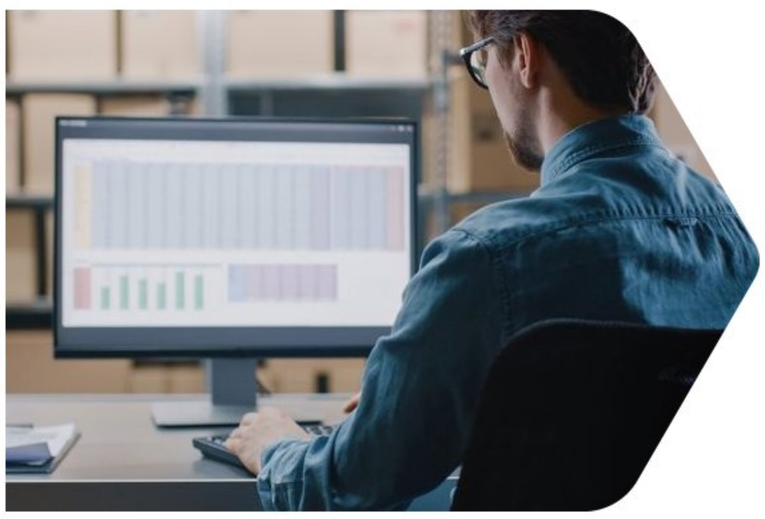
Custom API Integration

Live Ecommerce Integration with API Connection

Enhance the online shopping experience with live stock-on-hand, order status, shipping notifications, and more – while also streamlining your operations. Our API (Application Programming Interface) enables you to quickly connect and automate data exchange from virtually any system. Save time, eliminate manual data entry, and deliver a better online shopping experience.



Exchange and Automate Data Through API Integration

Automate data exchange between your ecommerce platforms, payment gateways, accounting systems and other applications with NPFulfilment's 3PL solution. The process can take as little as 15-30 minutes to configure a full ecommerce integration. Our experts communicate the API connection specifications to your developers, who complete the API integration. The connection can then exchange and automate data flows between your systems and NPFulfilment.

Get in Touch for More API Integration Details

For more information about how the API integration works, or to get started, contact our team of helpful ecommerce integration experts now.
